

# The Ozone

*Your Town. Your World. Your Life.*

## Overview

The Ozone is a website I created for those looking for things to do locally here in Orlando. Most of the venues on the site are very familiar to me, so I decided it would be nice to pass on some of my knowledge and experiences to those that inquire. I chose a basic theme of grays and blues, with a few highlights added to accentuate the important elements.

## Required Criteria

Landing page

- Interactive Image Gallery
- jQuery Modal Panel

Home page

- Interactive Image Gallery
- jQuery Modal Panel

Venue Locator

- jQuery Modal Panel
- Interactive Map
- HTML5 Canvas

Video Gallery

- jQuery Modal Panel
- HTML5 Video

## Graphics

All images and media are the sole property of Conscious Frames Photography, and have been released for free and unlimited usage by any member of the Conscious Mind Records development team.
